CV022 Skatewheel Conveyors

Edgetech's CV022 Skatewheel Conveyors are designed for transporting panels with builddowns. Various configurations are available, including guide fences and side pressure arms for special applications.

The skatewheel rails can be positioned to accommodate a variety of builddown widths and positions.

Standard Features

- Steel ball-bearing rollers – 6" spacing
- 3 skatewheel rails on mounting channels
- Roller fence – low profile allows for laminate overhang
- Adjustable height

Optional Features

- Special fences
- Side pressure arms
- Additional skatewheel rails
- Extending mounting channels for wider applications
